Mr. Hall, Chairman

One Main Street
Fort Wayne, Indiana 46802

Dear Mr. Hall,

The Plan Commission of the Nebraska Neighborhood Association has made a careful review and study of the zoning request made by McCoy Bolt. We have contacted residents and have had a meeting with Mr. Jennings on April 16, 1976.

These are the following recommendations; the Nebraska Association will endorse the rezoning of lots 152 and 153, Rockhill Second Addition and do not support the rezoning of lots 150 and 151, Rockhill Second Add. Attached with this letter is one from Mrs. Schellhouse, property owner of lot 150 and 151.

The above zoning will be endorsed (152/153), but the following must be implemented and/understood:

1. that the alley between Boone and Main Streets (E/W alley) MUST be the buffer zone between the businesses and residential area. No businesses/ industries should be started/expanded into the residential area- in this case Boone Street;
2. that there are No curb cuts, car/truck entrances to be made into any of the side streets (Center);
3. that the City-Plan Commission must understand that this approval does not constitute a green-light to allow industrial zoning of the remainder of Main Street. by the Nebraska Neighborhood Association.

Note: This area is in the impact area presently receiving Federal funds for Capital improvement and housing rehabilitation. Thank you.
